

# MACAO

*\_Refrigerators and freezers. Plug-in installation*

## Ergonomic convenience on a pedestal.

MACAO is the optimum refrigerator and freezer island and its four glass side panels ensure perfect product visibility.

### VISUAL MERCHANDISING

Thanks to mist-free glass, MACAO offers excellent visibility of the goods on display from all four sides. Merchandise can also be removed from all four sides and a pedestal provides for additional convenience. The smooth-running, completely encased, lockable sliding glass cover and the LED interior lighting allow products to be presented perfectly.

### HIGH ENERGY SAVINGS

Save even more compared to conventional multi-unit systems, thanks to the sophisticated technology and design with AHT e-conomize. In addition, the electronically controlled, variable-speed compressor (VS) and a new energy-saving fan ensure maximum energy efficiency.

### ENVIRONMENT AND CLIMATE

MACAO units are completely CFC- and HFC-free and use the ecologically harmless and natural refrigerant propane (R290). R290 has the lowest GWP on the market. This makes them particularly environmentally friendly.

### INTELLIGENT INSTALLATION

Ready-to-connect installation means MACAO can be used immediately. The refrigeration unit has a one-piece frame, making it extremely robust. In addition, it is 100% UV-resistant and lockable.

### SEMI-AUTOMATIC DEFROSTING

Semi-automatic defrosting is possible in all temperature ranges. The constant temperature and high-quality plastic containers mean that the shelf life and hygiene of all products are always ensured. The plastic interior drip tray guarantees easy cleaning.

### COMPATIBLE WITH AMS

Our Active Monitoring System (AMS) allows us to detect problems before you notice them. As an essential add-on to all AHT products, the AMS makes it much easier for you to manage and monitor the AHT cooling systems in your stores.

## INDIVIDUAL BRANDING

AHT cooling units are constructed individually: Using our template, you create the design, then we apply it directly during production.

## TEMPERATURE RANGES

Cooling	+3°C to +15°C <sup>1</sup>
Freezing	-18°C to -23°C
Mincemeat/meat chilling	0°C to +2°C

<sup>1</sup> Fixed preset that can be changed by a service technician

## **USPs**

### **ACCESSIBILITY**

Thanks to its pedestal, MACAO is easy to access from all four sides. The customer can stand close to the unit and reach all the products comfortably.

### **DISPLAY AREA**

With its four glass sides and sliding glass cover, MACAO guarantees best-possible visibility of produce for your customers.
